

# METALLURGIA

THE BRITISH JOURNAL OF METALS

VOL. III.

NOV. 1930—APRIL 1931.

## INDEX.

A	Page	B	Page	C	Page
Aluminium Sheet Production. By Robt. J. Anderson, D.Sc. Part II., Raw Materials for Melting ..	4	Be Ready for Trade Recovery ....	10	Crucible Defects .....	8
Association of Women, Electrical ..	37	Bimetal—Its Function and Application. By W. J. P. Rohn, Dr.Phil. Nat. ....	17	Cast Iron, High Test .....	15
Aviation, The Growth of .....	37	Blast Furnace and Its Operation, The Modern. By R. A. Hacking, M.Sc. Part VI., Chemical Principles .....	27	Copper Refinery Scheme .....	37
Are Welding Competition, Lincoln "Alumbro" Condenser Tubes ....	39	Boilers, Tube Materials for High-pressure Water-tube. By S. F. Dorey, M.Sc., Wh.Ex., M.I.Mar.E.	31	Chemical and Metallurgical Corporation, Ltd. ....	37
Alloy Castings, Magnesium. By E. Player, M.I.M. ....	46	Bronze Gears, Castings for. By F. W. Rowe, B.Sc., M.I.M.M. ..	50	Chemical Engineering, Non-ferrous Metals in .....	38
Aluminium Sheet Production. By Robt. J. Anderson, D.Sc. Part III., Melting Furnaces .....	53	Bimetal—Its Function and Application. By W. J. P. Rohn, Dr.Phil.Nat. ....	59	Condenser Tubes, "Alumbro" ....	39
Alloys, Some Non-ferrous Engineering. By Wesley Lambert, A.K.C.	65	Bright Annealing by the Grünewald Process. By R. W. Muir ....	60	Castings, Magnesium Alloy. By E. Player, M.I.M. ....	46
Amalgamation, Oxy-acetylene ....	75	Building Extensions .....	75	Current Problems and World Trade Castings for Bronze Gears. By F. W. Rowe, B.Sc., M.I.M.M. ..	50
Aluminium Applications Competition .....	75	Baths for Iron and Steel Workers ..	76	Carnforth Blast Furnaces Acquired	76
Aeronautical Society Council Dinner	75	Blast Furnaces Acquired at Carnforth .....	76	Coke for Blast Furnaces .....	118
All-metal Flying Boat Tested Successfully .....	76	British Development in High-speed Oil Engines, A .....	81	Castings for Bronze Gears By F. W. Rowe, B.Sc., M.I.M.M. Part II.	144
Aluminium Sheet Production. By Robt. J. Anderson, D.Sc. Part IV., Melting Practice .....	97	Brinell, Rockwell, and Scleroscope Hardness of Non-ferrous Metals. By O. Schwarz .....	109	Carbon Control in the Cupola, Aspects of: By H. W. Keeble ..	147
Amalgamation, Japanese Steel ....	116	Blast Furnace, England's Largest ..	116	Cranes, Modern, Steelworks .....	149
Annual Meeting of the Institute of Metals .....	129	British Coal Imported by Germany ..	116	Corrosion, Lincoln Arc-welding ..	154
Alloys, Origin of Stainless Steels and. By J. Ferdinand Kayser, Assoc. Met. ....	135	British Furnaces, Coke for .....	118	Chinese Railways, Steel for .....	154
Aluminium Sheet Production. By Robt. J. Anderson, D.Sc. Part V., Rolling Ingots .....	137	British Industries Fair. Metallurgical Developments at Birmingham ..	121	Castings and Forgings, X-ray Inspection of Aluminium Alloy. By N. C. Hypher, B.A., B.Sc., D.R.M.E. ....	159
Aspects of Carbon Control in the Cupola. By H. W. Keeble .....	147	British Industrial Fair, Trade and the .....	128	Cranks for Double-acting Diesel Engines, Scale Factor influencing the Size of .....	176
Are Welding Competition, The Lincoln .....	154	Bronze Gears, Castings for. By F. W. Rowe, B.Sc., M.I.M.M. Part II. ....	144	Cunarder, The New .....	193
Amalgamation of Steel Firms ....	154	British Steel, Record-breaking Qualities of .....	146	Competition, International Aluminium .....	193
Aluminium Alloy Castings and Forgings, X-ray Inspection of. By N. C. Hypher, B.A., B.Sc., D.M.R.E. ....	159	British Trade Exhibition at Buenos Aires, The .....	148	Chromium-plating Regulations ..	203
Advance, An Industrial .....	161	Blast Furnace and Rolling Mill Equipments, Developments in ..	162	Confidence will Restore Normal Industrial Conditions .....	206
Aluminium, Electric Annealing of Aluminium Sheet Production. By Robt. J. Anderson, D.Sc. Part VI., Ingot Moulds .....	173	Blast Furnace and its Operation, The Modern. By R. A. Hacking, M.Sc. Part VI., Chemical Principles (continued) .....	183	Combustion, Injection, and Ignition in High-speed, Heavy-oil Engines	208
Aluminium in the Construction of Furniture .....	189	British Industries Fair, The .....	185	Copper Production in Canada ....	212
Aluminium Competition .....	193	British Industry, The F.B.I. Report on .....	193	Castings for Bronze Gears. By F. W. Rowe, B.Sc., M.I.M.M. Part III.	215
Aluminium Sheet Production. By Robt. J. Anderson, D.Sc. Part VI., Ingot Moulds (continued) ..	213	British Steel .....	193	Co-ordination of Iron and Steel Specifications .....	218
Aircraft Industry, The British .....	233	Bulletin of the Institution of Mining and Metallurgy .....	196	Chemicals, Safety with .....	226
Apparatus Used in Mine, Test for Electrical .....	233	British Standard Specifications ..	212	Competition of Industrial Designs, 1931 .....	233
Association for Testing Materials, The New International .....	236	Bronze Gears, Castings for. By F. W. Rowe, B.Sc., M.I.M.M. Part III. ....	215	China, Railway Materials for .....	233
Aluminium's Rapid Development ..	237	British Aircraft Industry, The ....	233	Campaign on the Tyne, Industrial Conference of Metallurgists in Switzerland .....	234

### D

Design, Machine Tool .....	49
Design of Normalising Furnaces, Factors Influencing the. By E. E. Griffiths, A.M.I.Mech.E. ....	62
Design, Modern Ship .....	75

	Page
Dumping, Lord Furness on the Evils of .....	76
Development in High-speed Oil Engines, A British .....	81
Developments in Blast Furnace and Rolling Mill Equipments .....	162
Diesel Engines, Some Factors Influencing the Sizes of Crankshafts for Double-acting .....	176
Duralumin Type in Ternary System, The Phase Theory Basis of Ageing of the .....	177
Depression on the Tyne, Shipbuilding .....	193
Departmental Committee's Report on Patents and Designs Act .....	230
Designs, Competition of Industrial Development, Aluminium's Rapid .....	237

## E

Electrical Association of Women ..	37
Engineering and Shipbuilding, Steels in Marine. By J. W. Donaldson, D.Sc. ....	41
Extensions, Building .....	75
Electric Tariffs, Unsatisfactory ..	75
Electrochemistry, Weston Fellowship in .....	75
Engines, A British Development in High-speed Oil .....	81
Electrodes for Welding Cast Iron, The Use of Pure Iron .....	84
Experiments on the Impact Hardness of High-speed Steel at Elevated Temperatures By A. R. Page .....	85
Electric Furnaces and Low-temperature Treatments. By J. E. Oram ..	94
Electric Furnaces, Important Arrangement in the Manufacture of England's Largest Blast Furnace ..	108
Exhibition at Buenos Aires, The British Trade .....	148
Equipments, Developments in Blast Furnace and Rolling Mill .....	162
Electric Annealing of Aluminium ..	172
Engines, Some Factors Influencing the Sizes of Crankshafts for Double-acting Diesel .....	176
Engines, Injection, Ignition, and Combustion in High-speed Heavy Oil .....	208
Equipments, Installing New. By William Ashcroft .....	226

First Anniversary .....	11
Foundry Practice, Iron and Steel. By Ben Shaw, Part VI, Types of Equipment Used in Steel Melting ..	20
Fuel Problems in the Mercantile Marine .....	37
Furnaces, Factors Influencing the Design of Normalising. By E. E. Griffiths, A.M.I.Mech.E. ....	62
Flying Boat, Successful Tests of All-metal .....	76
Filtration Plant for Water Supply, Rapid Gravity .....	78
Foundry Practice, Iron and Steel. By Ben Shaw, Part VII, Electric Furnaces for Melting Steel .....	104
Furnaces, Important Arrangement in the Manufacture of Electric ..	108
Fair, The British Industries .....	121
Fair, Trade and the British Industrial .....	128
Foil, Rolling Metal. By C. E. Davies, A.M.I.Mech.E. ....	141
Furniture Increasing, The Use of Steel .....	154
Fair, The Leipzig .....	154
Factory Ship, "Vikingen," The Whaling .....	156
Factors Influencing the Sizes of Crankshafts for Double-acting Diesel Engines .....	176
Foil, Rolling Metal (continued). By C. E. Davies, A.M.I.Mech.E. ....	181

Fair, The British Industries .....	185
Furniture, Aluminium in the Construction of .....	189
Film, An Industrial .....	193
F.B.I. Report on British Industry ..	193
Firth and Brown, Ltd. ....	193
Fields, Hardening Metals by Rotating Magnetic. By E. G. Herbert, B.Sc., M.I.Mech.E. ....	219
Furnaces, Progress in the Use of High-frequency .....	233
Firth-Brown's Fusion .....	234
Fuel from Coal, Oil .....	237

## G

Growth of Aviation, The .....	37
Gears, Castings for Bronze. By F. W. Rowe, B.Sc., M.I.M.M. ..	50
Grünwald Process, Bright Annealing by the. By R. W. Muller ..	60
Gold Mining in Wales too Speculative .....	76
Germany Imports More British Coal ..	116
Gears, Castings for Bronze. By F. W. Rowe, B.Sc., M.I.M.M. Part II. ....	144
Gears, Castings for Bronze. By F. W. Rowe, B.Sc., M.I.M.M. Part III. ....	215

## H

High-test Cast Iron .....	15
Home, Stainless Steels for the .....	76
High-speed Oil Engines, A British Development in .....	81
High-speed Steel at Elevated Temperatures, Some Experiments on the Impact Hardness of. By A. R. Page .....	85
Hardness of Non-ferrous Metals, Brinell, Rockwell, and Scleroscope. By O. Schwarz .....	109
Hardening Metals Magnetically ..	207
High-speed Heavy-oil Engines, Injection, Ignition, and Combustion in .....	208
Hardening Metals by Rotating Magnetic Fields. By E. G. Herbert, B.Sc., M.I.Mech.E. ....	219
High-frequency Furnaces, Progress in the Use of .....	233
Harder Steel for Railways .....	233

## I

Iron and Steel Foundry Practice. By Ben Shaw, Part VI, Types of Equipment Used in Steel Melting ..	20
Insurance Company's Technical Report .....	26
Industry and Research .....	38
Iron and Steel Report .....	39
Iron and Steel Specifications .....	49
Iron and Steel Workers, Baths for ..	76
Impact Hardness of High-speed Steel at Elevated Temperatures, Some Experiments on the. By A. R. Page .....	85
Improve Salesmanship Abroad .....	89
Iron and Steel Foundry Practice. By Ben Shaw, Part VII, Electric Furnaces for Melting Steel .....	104
Iron and Steel Production, Reduced ..	116
Iron and Steel Report .....	118
Industries Fair, The British .....	121
Institute of Metals Annual Meeting ..	129
Iron and Steel Report .....	156
Industrial Advance, An .....	161
Institute of Metals, Twenty-third Annual General Meeting .....	167
Scientific Work on Historical Objects .....	167
Deformation of a Single Crystal of Silver .....	167
Equilibrium Diagrams .....	167
Influence of Temperature and Pressure on the Extrusion of Metals .....	168

Some Properties of Metallic Cadmium .....	168
Dimensional Stability of Heat-treated Aluminium Alloys .....	169
Deformation of Aluminium under Prolonged Loading .....	169
The Resistance of Treated Super-Duralumin .....	170
The Effects of Impurities on Copper .....	170
Combined Effect of Antimony and Arsenic .....	171
The Effects of Silicon on the Hardness of Aluminium-Copper Alloys .....	171
Rolling High-phosphor Copper Alloys .....	171
Industries Fair, The British .....	185
Industrial Film, An .....	193
International Aluminium Competition .....	193
Iron and Steel Report .....	196
Iron and Steel Protection, Red-lead Paint for .....	204
Industrial Conditions, Confidence will Restore Normal .....	206
Iron and Steel Institute .....	207
Injection, Ignition, and Combustion in High-speed Heavy-oil Engines ..	208
Installing New Equipment. By William Ashcroft .....	226
Industry, The British Aircraft .....	233
Iron and Steel Production .....	233
Industrial Designs Competition, 1931 .....	233
Industrial Campaign on the Tyne ..	234
International Association for Testing Materials, The New .....	236
Iron and Steel Report .....	237

## J

Japanese Steel Amalgamation .....	116
Japan as a Competitor in Steel Work ..	116

## L

Lincoln Arc-welding Competition ..	37
Low-temperature Treatments, Electric Furnaces and. By J. E. Oram ..	94
Largest Blast Furnace in England ..	116
Lincoln Arc-welding Competition, The .....	154
Leipzig Fair, The .....	154

## M

Melting Shop Management, "Two Speed,"—or Steady Average. By Walter Lister .....	1
Machinability, The Problem of,—Measurement. By E. G. Herbert, B.Sc., M.I.Mech.E. Part III, Law of Machinability—The Hardness of the Chip as a Measure .....	13
Modern Blast Furnace and its Operation, The. By R. A. Hacking, M.Sc. Part VI, Chemical Principles .....	27
Mercantile Marine, Fuel Problems in the .....	37
Metallurgy of Wire, The .....	38
Modern Shipbuilding, A Brief Review of .....	39
Marine Engineering and Shipbuilding, Steels in. By J. W. Donaldson, D.Sc. ....	41
Magnesium Alloy Castings. By E. Player, M.Inst.M. ....	46
Machine Tool Design .....	49
Machine Tool Design, The New Alloys and. By F. W. Shaw, M.I.P.E. ....	57
Modern Ship Design .....	75
Machinery by Rail, Transporting ..	76
Metals, Rare .....	90
Machine Tool Design, The New Alloys and. By F. W. Shaw, M.I.P.E. Part II, Cutting Tools ..	91
Metallurgy, X-rays and. By L. Pickup, B.Sc. ....	101

	Page
Motor Ship Construction .....	116
Meeting of Institute of Metals, Annual .....	129
Machine Tool Design, The New Alloys and. By F. W. Shaw, M.I.P.E. Part III., Factors that Control Output .....	131
Modern Steelworks Cranes .....	149
Marking Pneumatic Tools Recommended .....	154
Metallurgists to visit America .....	165
Modern Blast Furnace and its Operation, The. By R. A. Hacking, M.Sc. Part VI., Chemical Principles .....	183
Marine Oil-engine Seatings .....	195
Mining and Metallurgy "Bulletin" .....	196
Machine Tool Design, The New Alloys and. By F. W. Shaw, M.I.P.E. Part IV., Hand-actuated Work-holding Devices .....	209
Magnetic Fields, Hardening Metals by Rotating. By E. G. Herbert, B.Sc., M.I.Mech.E. ....	219
Materials, Refractory. Examination of Refractories in the Laboratory. By Colin Presswood, B.A., F.G.S. Metallurgy, Progress in .....	223
Mines, Test for Electrical Apparatus used in .....	233
Materials for China, Railway .....	233
Mineral Production of the United States in 1930 .....	234
Metallurgists' Conference in Switzerland .....	234

## N

Non-ferrous Metals in Chemical Engineering .....	38
New Alloys and Machine Tool Design, The. By Francis W. Shaw, M.I.P.E. ....	57
Normalising Furnaces, Factors Influencing the Design of. By E. E. Griffiths, A.M.I.Mech.E. ....	62
Non-ferrous Engineering Alloys, Some. By Wesley Lambert, A.K.C. ....	65
New Cunarder, Structural Castings for the .....	70
Non-ferrous Alloys at Elevated Temperatures, Properties of .....	84
New Alloys and Machine Tool Design. By Francis W. Shaw, M.I.P.E. Part II. Cutting Tools .....	91
Non-ferrous Metals, Brinell, Rockwell, and Scleroscope Hardness of. By O. Schwarz .....	109
New Alloys and Machine Tool Design. By Francis W. Shaw, M.I.P.E. Part III. Factors that Control Output .....	131
New Cunarder, The .....	193
New Steelworks .....	193
New Water Speed Record .....	204
New Alloys and Machine Tool Design. By Francis W. Shaw, M.I.P.E. Part IV. Hand-actuated Work-holding Devices .....	209
New Equipment, Installing. By William Ashcroft .....	226

## O

Operation, The Modern Blast Furnace and its. By R. A. Hacking, M.Sc. Part VI., Chemical Principles .....	27
Oxy-acetylene Amalgamation .....	75
Oil Engines, A British Development in High-speed .....	81
Origin of Stainless Steels and Alloys. By J. Ferdinand Kayser, Assoc. Met. ....	135
Operation, The Modern Blast Furnace and its. By R. A. Hacking, M.Sc. Part VI., Chemical Principles (continued) .....	183
Oil from Coal .....	193
Oil-engine Seatings, Marine .....	195
Oil Fuel from Coal .....	237

## P

Problem of Machinability, The—Measurement. By E. G. Herbert, B.Sc., M.I.Mech.E. Part III., Law of Machinability. The Hardness of the Chip as a Measure .....	13
Practice, Iron and Steel Foundry. By Ben Shaw. Part VI., Types of Equipment Used in Steel Melting .....	20
Philosophy and Science .....	38
Problems of Currency and World Trade .....	48
Plant for Water Supply, Rapid Gravity Filtration .....	78
Pure Iron Electrodes for Welding Cast Iron, The Use of .....	84
Practice, Iron and Steel Foundry. By Ben Shaw. Part VII., Electric Furnaces for Melting Steel .....	104
Pneumatic Tool Marking Recommended .....	154
Progress, Scientific Knowledge is Essential to .....	164
Power Station, New Electric .....	172
Pentoxide, Vanadic .....	176
Phase-theory Basis of Ageing of the Duralumin Type in the Ternary System, The .....	177
"Premag" Process, Welding by the Protection of Iron and Steel, Red-lead Paint for the .....	204
Patents and Designs Act, Report of Departmental Committee on .....	230
Pig-iron Production, Refined. New Process Cast Iron .....	231
Progress in Metallurgy .....	252
Production of Iron and Steel .....	233
Progress in Use of High-frequency Furnaces .....	235
Production of Minerals in the United States in 1930 .....	234

## R

Refinery Scheme, Copper .....	37
Research and Industry .....	38
Review of Modern Shipbuilding, A Brief .....	39
Report, Iron and Steel .....	39
Royal Aeronautical Society Council Dinner .....	75
Rapid Gravity Filtration Plant for Water Supply .....	78
Report, Iron and Steel .....	78
Rare Metals .....	90
Rockwell, Brinell, and Scleroscope Hardness of Non-ferrous Metals. By O. Schwarz .....	109
Rebates, Steel Manufacturers Revise Report, Iron and Steel .....	116
Rolling Metal Foil. By C. E. Davies, A.M.I.Mech.E. ....	141
Record-breaking Qualities of British Steel .....	146
Research Work Reports .....	154
Railways in China, Steel for .....	154
Report, Iron and Steel .....	156
Rolling Mill Equipments, Developments in Blast Furnace and .....	162
Rolling Metal Foil (continued). By C. E. Davies, A.M.I.Mech.E. ....	181
Report of F.B.I. on British Industry Report, Iron and Steel .....	196
Railway Rolling Stock, Spring Production for .....	199
Regulations, Chromium Plating .....	203
Red-lead Paint for Iron and Steel Protection .....	204
Record, New Water Speed .....	204
Rotating Magnetic Field, Hardening Metals by. E. G. Herbert, B.Sc., M.I.Mech.E. ....	219
Refractory Materials. Examination of Refractories in the Laboratory. By Colin Presswood, B.A., F.G.S. Report of Departmental Committee on Patents and Designs Act .....	223
Refined Pig-iron Production, New Process Cast Iron .....	231

Railways, Harder Steel for .....	233
Railway Material for China .....	233
Report, Iron and Steel .....	236
Rapid Development of Aluminium .....	237

## S

Shop Management (Melting Shop), "Two Speed," or Steady Average. By Walter Lister .....	1
Steel Foundry Practice, Iron and. By Ben Shaw. Part VI., Types of Equipment Used in Steel Melting Science and Philosophy .....	20
Shipbuilding, A Brief Review of Modern .....	38
Steel Report, Iron and .....	39
Steels in Marine Engineering and. By J. W. Donaldson, D.Sc. ....	41
Steel Specifications, Iron and .....	49
Structural Castings for the New Cunarder .....	70
Ship Design, Modern .....	75
Steel Workers, Baths for Iron and .....	76
Stainless Steel for the Home .....	76
Steel Report, Iron and .....	78
Salesmanship Abroad, Improve .....	89
Steel Foundry Practice, Iron and. By Ben Shaw. Part VII., Electric Furnaces for Melting Steel .....	104
Scleroscope, Brinell, and Rockwell Hardness of Non-ferrous Metals. By O. Schwarz .....	116
Steel Amalgamation, Japanese .....	116
Ship Construction, Motor .....	116
Steel Work, Japan as a Competitor in .....	116
Steel Manufacturers Revise Rebates Steel Production Reduced, Iron and Steel Report, Iron and .....	116
Stainless Steels and Alloys, Origin of. By J. Ferdinand Kayser, Assoc. Met. ....	135
Stresses in Wire-drawing, The .....	136
Steelworks Cranes, Modern .....	149
Steel Structures, Welded, Part II. By Edward Dacre Lacy .....	151
Standardisation in Engineering .....	152
Steel Furniture, Increasing Use of .....	154
Steel Firms Amalgamate .....	154
Steel for Railways in China .....	154
Steel Report, Iron and .....	156
Scientific Knowledge is Essential to Progress .....	164
Symington Centenary .....	166
Ship Construction, Welding in .....	166
Steelworks, New .....	193
Steel, British .....	193
Shipbuilding Depression on the Tyne Seatings for Marine Oil Engines .....	195
Steel Report, Iron and .....	196
Spring Production for Railway Rolling Stock .....	199
Steel Protection, Red-lead Paint for Iron and .....	204
"Solidend" Tools .....	204
Speed Record, New Water .....	204
Specifications, Co-ordination of Iron and Steel .....	218
Safety with Chemicals .....	226
Steel, Patina .....	228
Scholarship, Travelling .....	232
Steel Production, Iron and .....	233
Steel for Railways, Harder .....	233
Switzerland, Metallurgists' Conference in .....	234
Steel Report, Iron and .....	236

## T

"Two Speed" Melting Shop Management—or Steady Average. By Walter Lister .....	1
Trade Recovery, Be Ready for .....	10
Tube Materials for High-pressure Water-tube Boilers. By S. F. Dorey, M.Sc., Wh.Ex., M.I.Mar.E. ....	31
Tool Design, Machine .....	49
Tariffs, Unsatisfactory Electric .....	75
Transporting Machinery by Rail .....	76
Tests of All-metal Flying Boat, Successful .....	76

	Page
Trade and the British Industrial Fair .....	128
Tool-steel Tools .....	136
Trade Exhibition at Buenos Aires, The British .....	148
Tools, Marking Pneumatic .....	154
Tyne, Shipbuilding Depression on the .....	193
Tools, "Solidend" .....	204

## X

X-rays and Metallurgy. By L. Pickup, B.Sc. ....	101
X-ray Inspection of Aluminium-alloy Castings and Forgings. By N. C. Hypher, B.A., B.Sc., D.M.R.E. ....	159

## RECENT DEVELOPMENTS IN TOOLS AND EQUIPMENT.

	Page
Improved Hump Method of Heat-Treatment .....	29
Blowpipe for Heating Surfaces ...	30
New Model Roll-grinding Machine..	71
"Solidend" Tools .....	72
High-tension Reversing Contactor for Rand Mines .....	72
Pulverised-fuel Firing. Latest Developments in the "Limit" System .....	113
The Stobie High-frequency Induction Furnace .....	114
Fraser and Chalmers' "Bliss" Rolling Mills .....	191
The Firth Hardometer .....	227
High-speed Milling Cutters .....	227
The Sclerographe .....	228
New Method for the Production of Low-sulphur Iron Castings ....	228

## REVIEWS OF CURRENT LITERATURE.

The Elements of Ferrous Metallurgy. J. L. Rosenholtz, Ph.D. ....	26
Insurance Company's Technical Report .....	26
The Metallurgy of Bronze. By H. C. Dews .....	73
Metallurgy of White-metal Scrap and Residues. Edmund R. Thews ..	73
Coke for Blast Furnaces. R. A. Mott and R. V. Wheeler .....	118
Heat-treatment in Forging Steel. B. Saunders .....	130
Practical Metallurgy. Norman E. Woldman, Ph.D. ....	130
Transactions of Institution of Engineers and Shipbuilders in Scotland. Vol. LXXXIV. Part II. ...	130
Non-metallic Inclusions in Iron and Steel. Dr. Carl Benedicks and Mr. Helge Löfquist .....	222
Proceedings of the Institute of British Foundrymen. Vol. XXIII. 1929-1930 .....	222
Institution of Mining and Metallurgy .....	222
Transactions of the Institution of Engineers and Shipbuilders in Scotland. Vol. LXXXIV. Part V. ...	222

## RECENT INVENTIONS.

Machine for Hardening Parts of Driving Shafts. Frederick Klopp ..	35
Casting Metals. J. E. Fletcher ....	35
Producing Cores by an Improved Process. Charles H. Taylor ....	74
Preparation of Aluminium Oxide. W. W. Triggs .....	74

	Page
Rendering Austenitic Nickel-Chromium Steels Non-corrodible. Dr. W. H. Hatfield and Harry Green .....	115
Improvements to Cupola Furnaces. J. E. Fletcher and the British Cast Iron Research Association..	115
Tungsten Ingots. A. Pacz .....	115
Improvements to Apparatus for Discharging Coke Ovens. The Wellman Smith Owen Engineering Corporation, Ltd., and Samuel Stockdale .....	153
Cutting Materials for Turning Tools. G. Brewer .....	153
A Process for Heating in a Reducing or Oxidising Atmosphere. Herbert Schaefer .....	190
A Hardening Alloy for Copper or its Alloys. Messrs. Vickers Armstrongs, Ltd., and W. B. O'B. Goudielock .....	190
Copper and Nickel-Ore Treatment. E. A. Ashcroft .....	190
Apparatus for Determining the Limiting Creep Stress of Materials. David Colville and Sons, Ltd., Wm. Barr, and Wm. E. Bardgett ..	229
Making Pointed Tubular Metal Articles. S. J. Everett .....	229
A New Aluminium Alloy. Otto Kamps .....	230
Annealing Crystalline Substances Magnetically. E. G. Herbert ....	230

## CORRESPONDENCE.

Miris Process .....	12
Selling Steel Abroad .....	90
Canadian Participation in the British Industries Fair, Birmingham ...	166
Stellite .....	208

## CHARTS.

Characteristics of Nickel: Its Ores and Methods of Extraction .....	November
Characteristics and Qualities of Nickel Steels .....	December

1931.

Chromium: Its Ores, Methods of Extraction and Uses....	January
Characteristics and Uses of Chromium Steels .....	February
Characteristics and Properties of Nickel Chromium Steels .....	March
Molybdenum: Its Ores, Methods of Extraction, and Uses .....	April
